

WHEELRITE TECH400

The
Original
TPMS
Tools

From
BARTEC

Finally a solution for vehicles
that require a scan tool to
complete the re-learn process.

- ☑ Capture sensor Id's by activating and decoding the Sensor data.
- ☑ Validate Sensor function and status.
- ☑ Download the sensor data directly to vehicles that do not have a "learn mode."
- ☑ Safely and Accurately repair TPMS vehicles BEFORE they leave your shop!
- ☑ Provides replacement sensor part numbers for easy look up.
- ☑ Features an internal, rechargeable battery for hours of use.
- ☑ Includes a convenient storage case.

Bartec USA, LLC
