

Arm Yourself To Handle Tough Tires

Coats® Robo-Arm™ Upgrade Fits Coats 5000* and 6000 Series Rim Clamp™ Tire Changers — Makes Changing Low Profiles and Runflats Easy

Coats Robo-Arm™ Upgrade Kit
Part Number: 184177
(Patent Pending)

* Excludes models 5070 and 5030

Coats Robo-Arm™ can be used to assist in top bead mounting of stiff sidewall, low profile, and run-flat tires.

Coats Robo-Arm™ can be used to hold tires in the UP position to reduce effort in second bead removal.

Coats Robo-Arm™ holds bead in drop center position to relieve the force required to lift bead onto the duckhead.

HENNESSY INDUSTRIES, INC., MANUFACTURER OF AMMCO®, COATS® AND BADA® AUTOMOBILE SERVICE EQUIPMENT AND TOOLS

Coats® Tire Changers are the work-horse of the wheel service industry.

Now you can upgrade your 5000* and 6000 Series tire changers with our Coats Robo-Arm™ upgrade kit. It makes changing even the toughest tire and rim assemblies easy.

This unique upgrade kit bolts on to your Coats 5050, 5060, 5065, 6050, 6060, or 6065, giving you a powerful extra arm to easily handle stiff sidewall tires – without damaging the tire or delicate alloy wheels. Your operator can work faster, with less fatigue. And get even more productivity from your Coats Rim Clamp™ tire changer.

You can install the Coats Robo-Arm™ upgrade kit or choose optional expert installation of this upgrade at a nominal cost from your Authorized factory trained Coats Service Partner. Included literature makes training simple and fast.

Order now, and be ready for virtually anything that comes rolling through ***your shop.***
